FRANKFORT'S OLDEST CITIZEN PASSES AWAY.

On Tuesday night last Mrs. Unetta S. Chiles, widow of the late Walter Carr Chiles, Esq., passed away quietly and peacefully to the home beyond, aged 87 years.

Mrs. Chiles was one of the old time Kentucky ladies, who were an honor to the race and a blessing to the community in which they lived. She was a woman of unusual intelligence and vigor. Her mind maintained its clearness and power to the very last. She was keenly alive to public affairs, and kept thoroughly in touch with passing events.

An earnest, active and vigorous Christian, she was ever ready to speak a word for the Master she so thoroughly believed in and loved. She had been a member of the Christian Church for more than 78 years, and, until the infirmities of age pressed upon her, was faithful in attendance upon its services and a worker in the ranks.

Her husband died more than thirty years ago, and she was left to manage her business affairs, which she did with ability and success.

She had a large family of children, but all save two (Dr. E. J. Chiles, of Philadelphia, Penn., and Mrs. Lutie Thomas, of this city), had preceded her to the grave.

The funeral services were conducted by her pastor, Rev. Geo. Darsie, assisted by her nephew, Rev. R. L. McCready, from the family residence, 807 Third street, South Side, on Thursday, after which the remains were laid to rest by the side of her husband in our cemetery.

She was the oldest citizen of this city and went to her long home bearing the respect and admiration to all who knew her.

To the bereft children and grandchildren we tender our sincerest sympathy.

FARM SOLD.

We learn that Mr. Geo. C. Graddy has sold the old J. N. Blakemore farm, which he purchased at administrator's sale last year. We did not learn the name of the purchaser or the price paid, but we do know that whoever bought it got a good farm.

How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

Johnson, wife and daughter, Ellsworth, Kansas; Mr. Stephen Arnold and family, and Mr. Richard Paxton and family, from Anderson county; Mrs. Julia Yancy, Jefferson county. There were no deaths reported since last meeting.

Messrs. L. F. and John W. Johnson, of this city, are members of this family, and attended the reunion.

STOOD DEATH OFF.

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave digger. He says: "My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malarial, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50 cents at J. W. Gayle's drug store.

DELIGHTFUL.

The weather this week has been ideal, neither too hot nor too cool, warm in the middle of the day and perfectly delightful for sleeping at night.

SLIGHT BLAZE.

An alarm by telephone, at 1:10 p. m., Monday, called the fire boys to a small cottage on North Wilkinson street, where the roof was found to be on fire. It was easily extinguished and with only nominal loss.

Miss Congleton has accepted a position as bookkeeper for her uncles, Congleton Bros.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and seldom heard of appendicitis, nervous prostration or heart failure. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. South, Longmoor & Co. 42-ly.

The Making of Good Coffee

Begins in the growing. Anywhere between the plantation and the coffee pot the flavor may be changed, the quality spoiled by carelessness, inexperience, or unscrupulous methods. From the time Arbuckles' Coffee leaves the hands of the grower until it reaches the user in a sealed packet, it is handled with the same watchful care, the same thought for cleanliness, that you would give any article of food that goes on your table. That's the reason it costs the grocer a cent a pound more than its cheap imitations. The extra cent you pay for

ARBUCKLES' Roasted Coffee

buys much more than a cent's worth of quality and strength. A pound of Arbuckles' Coffee will give you more cupfuls of better coffee than you would get from other package coffees.

Be sure you get Arbuckles' Roasted Coffee. Other package coffees are but imitations of Arbuckles'.

In each pound package of Arbuckles' Roasted Coffee there is a list of articles. With each package in which the list is found the purchaser has bought a definite part of some article to be selected by him or her from the list, subject only to the condition that the signature on the package is to be cut out and returned to our Notion Dept. You should see this list. Address all communications to
